

Bulletin of Information
For
Admission to
Ph.D. Programs 2022-23

Message from the Vice-Chancellor

Dear Aspiring Students,

I take this opportunity of welcoming you all to the University of Delhi, a premier Institute for higher education in India.

It gives me immense pride and pleasure to share with you that our University established and incorporated in 1922 through an Act of the then Central Legislative Assembly, will complete its hundred glorious years on 1st May 2022. The University, which comprised three Colleges with 750 students in 1922, has expanded to 90 Colleges, 16 Faculties, and 86 Academic Departments spread over 407 acres across Delhi with a student strength of more than 7 lakhs, reflecting a microcosm of the diversity in India.

The University is a premier university in the country as per the national and international rankings. The National Institutional Ranking Framework (NIRF) for the year 2021, places the University at 12th rank among universities. As per the Centre for World University Rankings (CWUR), the National Rank of the University of Delhi is 6th for 2021-22. The Times Higher Education Asia University Ranking of the University is 201-250 (released in June 2021). QS World University Ranking of the University is 501-510 (2022), QS India Ranking (2021) of the University is 6th among Indian educational institutions and universities, and the QS Asia University Ranking (2022) is 77.

The University has always been a pioneer in laying milestones in academics for others to follow. It is actively engaged in the process of bringing a paradigm shift in higher education by orienting curriculum frameworks and structure of the programs with the National Education Policy (NEP) 2020. The NEP 2020 is aimed at transforming the education system in the country and the University is leaving no stone unturned in order to implement the policy in its true spirit.

The University is expanding its academic horizon and adequate infrastructure development is planned accordingly. After demerger of Delhi College of Engineering and Netaji Subhas Institute of Technology from the University, the vacuum so created is now going to be filled by the introduction of three Bachelor of Technology Programs, namely B. Tech in Computer science and Engineering, B. Tech. in Electrical Engineering and B. Tech. in Electronics and Communication Engineering under the Faculty of Technology. Accordingly, a new building for the Faculty of Technology is planned to be set upright in the heart of North Campus. Infrastructural expansions including two blocks for Office and Laboratory in Maurice Nagar and two new hostels in Dhakka Complex are underway. For the convenience of students residing in various parts of Delhi, Facilitation Centres are being set up in Najafgarh (West Delhi), Bhawana (North-west Delhi), Surajmal Vihar (East Delhi), and Fatehpur Beri (South Delhi) to deal with various administrative matters.

Yogesh Singh

Vice-Chancellor

University of Delhi

The University of Delhi is a premier university of the country with a venerable legacy and international acclaim for the highest academic standards, diverse educational programs, distinguished faculty, illustrious alumni, varied co-curricular activities and modern infrastructure. Over the many years of its existence, the University has sustained highest global standards and best practices in higher education. Its long-term commitment to nation building and unflinching adherence to universal human values are reflected in its motto: 'निष्ठा धृति सत्यम्' (Dedication, Steadfastness and Truth).

Established in 1922 as a unitary, teaching and residential University by the Act of the then Central Legislative Assembly, a strong commitment to excellence in teaching, research and social outreach has made the University a role model and trendsetter for other universities. The President of India is the Visitor, the Vice-President is the Chancellor and the Chief Justice of the Supreme Court of India is the Pro-Chancellor of the University. Beginning with three colleges and 750 students, it has grown into one of the largest universities in India with 16 faculties, 86 academic departments, ninety one colleges and over seven lakh students. Over 500 programs offered by the University are approved by Academic and Executive Councils, of which close to 200 programs are being considered for NAAC accreditation purposes. The rest being run in colleges are separately accredited.

Today, the university boasts of as many as 15 big libraries apart from libraries in colleges. The University Science Instrumentation Centre (USIC), situated close to the Physics and Chemistry Departments, houses several sophisticated and high-end research instruments. These instruments are used quite frequently by Teachers and Research Scholars of postgraduate departments of the university and many other institutions in Delhi and its neighbourhood. The University has recently laid a fiber-optic network in the North and the South Campuses, connecting all colleges and departments.

2022-The Centenary Year

The current year is a landmark in the historical journey of the University of Delhi. It was on the 1st May in the year 1922 that the University was founded with three colleges, namely St. Stephen's College, Ramjas College and Hindu College, comprising of 750 students. Since, its inception, the University has expanded to include 90 Colleges, 16 Faculties and 86 Academic Departments, spread over 407 acres across Delhi, with student strength of more than 7 lakhs. Indeed the University, in its composition and ethos, aptly represents a microcosm of the spectacular diversity of India. It is a matter of great pride for us that over the last one hundred years of its glorious presence, the University has charted a distinguished path to emerge as an institution of great eminence, both nationally and internationally.

All its constituent members take great pride in its rich legacy, which dates back to the pre- independence times and which also witnessed its engagement with the national movement. Since then, the University has moved from strength to strength to establish exemplary landmarks in all domains including academics, research, extracurricular engagement and social outreach. Students and research scholars have always been considered as the core stakeholders within the University. Placed in such momentous times, we feel very happy to note that all those of you who choose to seek admission to one or the other courses at the University will not only get to become a part of one of the most distinguished institutions of higher learning in the country, but will also acquire the privilege of being present on the historic Centenary celebration.

You are indeed fortunate that you will be that special Centenary batch that will get an opportunity to share in and play a meaningful role in the rollout of the Centenary celebrations, which are planned as yearlong programs and initiatives, beginning on the Centenary Foundation Day of 1st May, 2022 and culminating with the Foundation Day of 2023. In this context, you will be pleased to know that the Centenary Logo for the yearlong celebration has also been selected from the entries received through an open competition that was held for the students of the University. Ms. Kratika Khinchi, a second year student of Gargi College is the creator of the Centenary Logo.

The yearlong celebrations shall see the organization of multifarious programs at the University, department and college levels. These will include programs of institutional social responsibility like community outreach initiatives and plantation work, among others; programs of academic engagement like seminars, conferences, workshops and lecture series; cultural events in myriad realms; sports competitions and events; book fairs; exhibition of rare books and manuscripts; organization of seminars, conferences, workshops and lecture series; initiatives in the domain of research & development; green initiatives; innovative practices and a plethora of student-centric activities. The wide ranging celebrations, spread across campuses, departments and colleges, and encompassing curricular and extracurricular spectrums shall surely provide ample opportunities for students of all interests and aptitudes to participate.

We look forward to your being a part of the University of Delhi, and thereby sharing in its Centenary Celebrations. We also await your valued role and contribution in furthering the prestige and glory of this much-acclaimed institution.

RE-EVALUATION/RE-CHECKING OF RESULT

There shall be no re-evaluation/re-checking of result. No correspondence in this regard shall be entertained.

PROCEDURE FOR APPEARING IN COMPUTER BASED TEST (CBT)

- (a) A computer terminal (node) indicating Roll Number will be allocated to each candidate. Candidates should find and sit on their allocated computers only. Any candidate found to have changed room/hall or the computer on their own rather than the one allotted would be liable to cancellation of candidature and no plea in this regard would be entertained.
- (b) The computer terminal allotted to the candidate will display Welcome login screen, Candidate's photograph and DU subject opted by the candidate. For login, the candidate will have to enter login-ID and password.
- (c) After logging in, the candidate shall be able to see the detailed instructions for the examination. Candidates are advised to go through the instructions carefully regarding the type of questions and Marking Scheme. At the designated time of start of the examination, the candidates will be able to proceed and see the questions on the computer screen.

The keyboard attached to the computer, if any, will be disabled during the entire duration of the examination. Depending on the type of question, the answers to questions can either be entered by clicking on the virtual on-screen keyboard (numeric or otherwise) using the computer mouse or by clicking the chosen option(s) using the computer mouse.

Candidates will have the option to change/modify answers already entered anytime during the entire duration of the examination.

In case the computer/mouse allotted to any candidate malfunctions anytime during the test, the candidate will be immediately allotted another computer system and the time lost due to this will be adjusted in the server so as to give the candidate the full allotted time.

- (d) The on-screen computer clock counter of every candidate will be set at the server. The countdown timer in the top right side of computer screen will display the time remaining (in minutes) available for the candidate to complete the examination. When the timer reaches zero, the examination will end by itself. Candidate will not be required to end or submit the examination.
- (e) The Question Palette displayed on the right side of screen will show the status of each question using one of the following text/color codes/symbols.

1	You have not visited the question yet.
2	You have not answered the question.
3	You have answered the question.
	You have NOT answered the question, but have marked the question for review.

The question(s) “answered and marked for Review” will be considered for evaluation.

The question(s) “Answered and Marked for Review” status for a question indicates that candidate would like to have a relook at that question again. A candidate has the option of answering a question and simultaneously placing it under “Marked for Review”, these answers will be considered for evaluation. However, if a candidate has simply put “Marked for Review” for a question without answering it, the corresponding question ‘Marked for Review’ without an answer will not be considered for evaluation. It may be noted that a candidate can return to any “Marked for Review” question any time during the examination by clicking on the corresponding question number icon displayed on the Question Palette of the corresponding section.

- (f) Candidate can click on an arrow/symbol which appears to the left of question palette to collapse the question palette thereby maximizing the question viewing window. To view the question palette again, candidate can click on arrow/symbol which appears on the right side of question window.
- (g) Candidate can click to navigate to the bottom and to navigate to the top of the question area, without scrolling. Using the computer mouse the candidate can scroll up and down the question viewing area for viewing the entire question.
- (h) The full paper can be viewed by clicking the “Question Paper” icon on the top right corner of the screen.
- (i) Blank Sheets for doing rough work/calculations shall be provided to the candidates. The Blanks Sheets would have a Header page for the candidates to write down his/her Name and Roll Number. All calculations/writing work are to be done only in the Blank Sheets provided at the Centre in the Examination Room/Hall and on completion of the test, candidates must hand over the rough sheets to the invigilator on duty in the Room/Hall.

(j) Navigating to a Question

To navigate between questions within a Paper, candidate needs to do the following:

- (a) Click on the question number in the Question Palette at the right of the screen to go to that numbered question directly. Note that using this option does NOT save the answer to the currently displayed question.
- (b) Click on “Save & Next” to save the answer of any question. Clicking on “Save & Next” will save the answer for the current question and the next question will be displayed on the candidate’s computer screen.
- (c) Click on “Mark for Review & Next” to mark a question for review (without answering it) and proceed to the next question.

(k) Answering a Question

To navigate between questions within a Paper, candidate needs to do the following:

- (i) Procedure for answering a multiple-choice type question:
 - (a) To select the option(s), click on the corresponding button(s) of the option(s).
 - (b) To deselect the chosen answer, click on the button of the chosen option again or click on the “Clear Response” button.
 - (c) To save the answer, the candidate MUST click on the “Save & Next” button.
 - (d) To mark the question for review (without answering it), click on the “Mark for Review & Next” button.

(l) Navigating through sections:

- (a) Sections in the question paper are displayed on the top bar of the screen. Questions in a section can be viewed by clicking on the section name. The section in which candidate is currently viewing will be

highlighted.

- (b) After clicking the “Save & Next” button on the last question for a section, candidate will automatically be taken to the first question of the next section.
- (c) Candidate can shuffle between sections and questions within sections any time during the examination as per the convenience only during the time stipulated.
- (d) Candidate can view the corresponding section summary as part of the legend that appears in every section above the question palette.

(m) Procedure for answering questions that require inputs from on-screen virtual keyboard (numeric or otherwise):

- (a) Candidate will have to use the on-screen virtual keyboard (that would be displayed just below the question statement of these type of questions) and the attached computer mouse to enter his/her answer in the space provided for answer.
- (b) The answer can be changed, if required, anytime during the test. To save the answer, the candidate MUST click on the “Save & Next” button.
- (c) To mark the question for review (without answering it), click on the “Mark for Review & Next” button.
Candidate will have the option to change previously saved answer of any question, anytime during the entire duration of the test. To change the answer to a question that has already been answered, first select the corresponding question from the Question Palette, then click on “Clear Response” to clear the previously entered answer and subsequently follow the procedure for answering that type of question.

(n) Rough Work:

All calculations/writing work is to be done only in the rough sheet provided at the Centre in the examination Room/Hall and on completion of the test candidates must hand over the rough sheets to the invigilator on duty in the Room/Hall.
